HEALTH IN MT. STERLING

W. S. Lloyd Says Care of Digestion Solves Problem of Long Life.

W. S. Lloyd believes that the problem of long life is solved by proper care of the digestive organs. Let the stomach get out of condition and soon there will be nervousness, irritation, furred tongue, cracks before the eyes, weakness, debility, indigestion, and other physical and mental troubles that directly result from a weakened stomach.

Of all the vital organs, the stomach is the most frequently abused, and hence, the one which most frequently fails, and so with the discovery of a remedy like Micon's stomach tablets, which is sold on an absolute guarantee to strengthen the digestive system, aid in assimilation of food, and cure all troubles caused by indigestion, an important step has been taken towards solving the question of good health and long life.

W. S. Lloyd sells Micon on an absolute guarantee to refund the money if it does not cure. A large box of the tablets costs but 50 cents, if it helps you; nothing if it fails.

Judge O'Rear of the Court of Appeals, May Run For Governor

Judge Ed C. O'Rear, of the Kentucky Court of Appeals, was in the city yesterday on business. Although Judge O'Rear denies that he will be a candidate for Governor in the coming campaign, many of his friends are bringing pressure to bear upon him to run, and there are rumors to the effect that he will yet change his mind and make the race—Lexington Leader, Sept. 13.

Sad Sight.

The Winchester Sun-Sentinel says: Tuesday afternoon in the office of Dr. Ishmael & Son, I saw a sight that will remain in memory while memory lasts. It was a boy under nine years of age. He was dead, and yet alive. Open his eyes and they would remain open, and his mouth the same. There was no indication of life except a faint breath. He was cold as ice.

What did it?
"Who?"
"Who did he get it?"
"He was here with an older brother, who gave him some beer. The boy had bought a pint of whiskey and hid the bottle in his coat pocket. He drank the beer in a big glass. The boy drank the pint of beer with the above results."

WARN LOUISVILLE SALOONISTS

Governor Says Law is Plain on Sunday Closing and Must be Obeyed.

There are breakers ahead for the officials in Louisville who propose to allow the saloons to open on Sunday in violation of the law. Such was indicated by Governor Beckham in a speech to 1000 residents of Spencer county, in which he said that he would far prefer to lose the race for United States Senator than to see the Sunday law broken, and when he also stated that he would strain every power of the Chief Executive to enforce the Sunday law. In closing Governor Beckham made this significant remark: "If the power of the Governor is not sufficient at present, to force officials to obey the law it is time that the power of the Governor be extended."

The speech of Governor Beckham at Taylorsville was a very forceful one. He took up the enforcement of the Sunday law, particularly as it applied to Louisville, and spoke on this subject for nearly an hour. He said "the law is plain on this subject. No liquor dealer has a right to sell liquor on Sunday and no official can give a special dispensation. I am here to say that I embarked in this crusade to enforce the law. I will exert every power of my office to enforce the law. If the proper officials fail to enforce the law I will do my best make them enforce the law. I am not criticising any body; I am not assuming that any officials do not try to enforce the law; but I am here to say that I mean business, and that the Sunday law is going to be enforced if I can enforce it."

Cured.

Swartz Bros., Austerlitz, Ky.: "Bourbon Hog Cholera Remedy not only cured our Hogs of cholera, but it is in every way the very best hog remedy we have ever used." Sold and guaranteed by W. S. Lloyd, Mt. Sterling, Ky. 7-54.

Watch and pray that ye enter not into temptation.

L. G. Hopkins, Paris, Ky.: "I had no hopes of saving my hogs, as some of them could not eat. I drenched them with Bourbon Hog Cholera Remedy and did not lose a hog. It is the best hog medicine I ever used. Sold and guaranteed by W. S. Lloyd, Mt. Sterling, Ky. 7-54."

Be not overcome with evil, but overcome evil with good.

The Exquisite Garment Models For Fall.

They're All Ready.

Charming indeed, with an abundance of style with every new design thought thrown in.

These garments represent the masterstroke of high class tailoring, free from the sweat shops—made in well lighted—well ventilated establishments by men tailors well up in the art of ideal garment-making.

Perfection, Yes! From the button-holes to the inner linings. These are not the products of ill paid labor, but worthy Fall Suits, and Jackets and Cloaks. Skirts that rank among the "best" in one of the finest tailoring shops in the country.

Notably among the New Fall Creations is the Price Chap—a sturdy little suit for women, with just enough style in the make-up to fascinate the careful dresser. Then comes the Pony Jacket Suits—chic and embodying the correct principles which go to make up the perfect costumes. And there's a score of other good creations ready and willing to pass the most careful inspection.

Jackets in the trim fall shapes and coats of the long and gracefully flowing styles. Raincoats of superb styles. Skirts in the fashion formed pleating effects.

And all priced—surprisingly low priced

A Large Contract.

When W. S. Lloyd the enterprising druggist, first offered a 50 cent package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, and guaranteed to return the money if it did not cure, he thought it probable from his experience with other medicines for these diseases, that he would have a good many packages returned. But although he has sold hundreds of bottles, not one has been brought back.

This is so surprising that he has taken the contract to introduce Dr. Howard's specific in at least half the homes in Mt. Sterling and to do that he will continue his special half price introductory offer.

W. S. Lloyd wants every person in Mt. Sterling who has constipation, dyspepsia, headaches or liver trouble to come to his store or send W. S. Lloyd 25 cents by mail and get 60 doses of the best medicine ever made at half the regular price, with his personal guarantee to refund the money if it does not cure. 7-4-10.

Dies on Eve of Journey.

At Nicholasville, Ky., Mrs. Mary Price Taylor, wife of Dr. W. F. Taylor, pastor of the Southern Methodist Church for the last four years, died of paralysis of the heart after one day's sickness.

Her trunk was packed preparatory of accompanying him to Winchester for the conference meetings and her household goods were ready to be shipped to the new pastorate.

Put Your Money in Buns.

Paul Stensland, the Chicago banker, who was rounded up at Tanger, is charged with having robbed 22,000 depositors by accepting deposits after the bank became insolvent.

When a hungry man rides a hen roost to satisfy the gnawing animosities, the pang of which are happily known to few of us, the owner of the henroost, if he catches him in the act, may shoot him with impunity. The banker who robs widows and orphans of their pitiful savings, or business houses of the cash that is necessary to prevent their business from collapsing can only be tried, and if his lawyers, hired with money that belongs to 22,000 wronged depositors, are better than the State's lawyers, hired at the expense of taxpayers, and consequently paid for in part by the depositors, he goes free. There is money in raising poultry, and nearly anyone who can open a bank account can open a poultry business. It is probable that, in Chicago at least, it would be safer to invest in a brace of hens, a rooster and a double barrel shotgun than to start a bank account.—Courier Journal.

Accidental Discharge Fatal.

Omar Campbell was shot and instantly killed near Maysville one day last week. Campbell was standing beside the buggy. A boy he had with him was getting out of the buggy and let the gun strike the wheel. It was discharged tearing Campbell's heart almost out.

Judge Refuses to Sit in Case Against Judge Hargis.

At Winchester in the damage suit for \$10,000 brought by Sam Jett against James Hargis and Ed Callahan, of Breathitt county, and Fulton French, of Clark county, J. M. Benton, presiding judge, filed a statement refusing to sit in the case.

Judge Benton says that Judge Hargis has cherished an imaginary grievance for several years and he believes that Hargis has arrived at a state of mind in which he actually believes that Benton would not give him a fair trial. Hence the latter refuses to preside.

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters cured me."—J. H. Walker, Sunbury, Ohio. 9-3t.

Prevent Construction of Alleged Pool Room.

The police of Newport, Ky., called a halt on the construction of a new building just outside of the Newport corporation line, opposite the Bellevue Base Ball Park.

The report spread that the building was to be used as a pool room, and the Chief of Police ordered the carpenters to stop work. Mayor Emig said he would swear in a dozen deputies and arm them if necessary to prevent the opening of a pool room in Bellevue.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripes, sickens, weakens the bowels and heart. Doan's Regulents act gently and cure constipation. 25c. Ask your druggist. 9-3t.

Committed Suicide When Officer Came to Serve Sixteen Warrants.

John F. Hensley committed suicide by shooting himself through the heart with a shotgun when Deputy Sheriff Stuart went to his house to serve sixteen warrants for illicit selling of whiskey. He formerly kept the Walton House at Manfordsville, Ky.

Mrs. William McKinley was not able to attend the unveiling of the McKinley statue at Columbus, O., on Friday when Mrs. A. C. H. H. Longworth officiated at the unveiling.

Whatever a man soweth, that shall he also reap.

INTEREST IN BIG CIRCUS.

Gaming of the Barnum & Bailey Show Creates Preliminary Anticipation.

A great deal has been said and printed about the coming of the Barnum & Bailey circus to this city on Friday, September 21. That a performance of unusual merit may be anticipated is evidence from the announcement of the diversified entertainment prepared for the current tour.

There are 300 performers, and they come from all parts of the world.

The trained animal numbers introduced the Ray Thompson trained horses; three herds of acting elephants; troupes of trained sealions, sheep, dogs and ponies, and other interesting acts of this character.

The special sensational feature include the "Dip of Death," which introduces a young American girl in a forty-foot ride through space in an inverted auto-car, the "Two Twirls of Terror," in which the Heller Bros. accomplish revolutions in space on bicycles, and several other pronounced "thrillers."

The comedy element is introduced by forty clowns. The hippodrome races are rendered especially diverting by the use of blooded Kentucky and imported racing stock, and are run with the avowed intention of permitting the best man—or woman—to win.

The zoological display is notable for its exhibition of a herd of four giraffes—11 to be the largest herd in captivity, a rare li-li and rhinoceros, three herds of elephants, twenty camels and dromedaries.

The Barnum & Bailey prospectus announces the "most brilliantly effective military and allegorical display ever seen under canvas."

Dewieties to Desert Zion City for Dakota.

Scores of families will move from Zion City, Ill., to a new colony to be established in Butte county, S. D., according to R. V. Iverson, of Zion City. He says many of the members, tired of the bickerings, have commanded him to seek land for a colony and build a city.

There is a way that seemeth right unto a man, but the end thereof are the ways of death.

Woe unto him that giveth his neighbor drink.

DEMOCRATIC TICKET.

For Congress
F. A. HOPKINS
 of Floyd County.
 Prepare to move along.
 VOTE "NO" ON EACH
 BALLOT.
 Are you on? Better hurry, the
 wagon is moving.

Do you love your boys and
 girls? Vote against the saloon.
 This very day look up your
 registration certificate. I have
 found mine.

Be sure to vote both ballots and
 if you would vote against whiskey
 vote NO X.

The victory for sobriety is as-
 sured. Can YOU refer to it as
 OUR victory?

Every temperance man should
 vote twice on Wednesday and on
 each ballot vote NO X.

Get off the fence and go and
 vote. You cannot serve God and
 mammon at the same time.

Poor, pitiable man who pretends
 to be against local option because
 your city loses the license. Get up
 a plausible excuse.

You place a low estimate upon
 your boy, \$1.20, if you prefer to
 sacrifice his prospective happiness
 and life to save that \$1.20.

You fellows who are crying,
 "increase of taxes if local option
 carries," answer this question: Are
 you on the delinquent tax list?

If you have any doubt as to how
 to vote against whiskey get a sam-
 ple ballot and ask some one that
 knows. Be sure your vote counts.

Sharpsburg citizens tell us they
 would not have back the open
 saloon for the reason that business
 is constantly improving and their
 city is becoming a model for clean-
 lines, thrift and happiness.

This city has about 5,000 popula-
 tion. The license from saloons is
 \$6,000. There are a few men
 who pretend to be against local
 option because this revenue will be
 lost. The average for each indi-
 vidual is \$1.20. You are selling
 out cheap.

HOW TO VOTE.

Vote as you pray would answer
 the question, but to be sure you
 are right, if not already persuaded,
 get down on your knees, ask the
 Lord how to pray; and should you
 feel inclined to pray the Lord to
 give Mt. Sterling the open saloon
 just vote that way, but if He in-
 clines you to pray that the saloons
 be removed then vote that way.

Arguments for and against the
 open saloon are in and the voting
 time is at hand. The man who
 votes for the open saloon gives
 the evidence of his preference for
 the temptation that so often allures
 the bright young man and gives
 him a start downward, whose end
 is almost sure to be the drunkard's
 grave. This young man may be-
 come your pure daughter's hus-
 band. Could you picture her life? Stop,
 voter, and call to mind the
 pure, good woman with a drunk-
 ard for her husband; see her life of
 shame, her poverty, the disgrace
 she has endured, and then if you
 have a heart of flesh I know how
 you would vote.

HOW IT IS IN LOUISVILLE ONE DAY OUT OF SEVEN.

Louisville is local option one-
 seventh of the time and it works
 like a charm there. A publisher
 said: We pay our men every
 Saturday at 12:30 and under the
 open saloon on Sundays a large
 number of them were penniless
 before Monday morning and an
 advance of money was necessary
 for their family to have their Mon-
 day meals. Now these same men
 or the greater part of them go the
 entire week without an advance
 and are saving money. They look
 better, give better service and are
 in every respect far better." If
 Louisville with the closed saloon
 on one day prospers she would be
 seven times better off with the
 saloon closed all the time.

Mt. Sterling will be without the
 open saloon after January 1st.
 Every argument is against the
 open saloon.

SALOON KEEPERS TO BE PROSECUTED.

"Col. I. C. Boardman, presi-
 dent of the Retail Liquor Dealers'
 Protective Association, of Louis-
 ville, on Friday said to a Times
 reporter that it had been decided
 by the Executive Committee of
 his association to keep the saloons
 open on Sunday for the sale of
 soft drinks, but that if any mem-
 ber of the association sold intoxi-
 cants he would be prosecuted by
 the attorneys of the association.
 The retail liquor dealers have
 been advised by their attorneys
 that they have a right to keep
 open to sell soft drinks, the views
 of the Governor to the contrary
 notwithstanding."

Yes, we will see. People might
 as well expect the saloon keepers
 as a body in Mt. Sterling to turn
 prosecutors of the saloonists who
 have violated the law in selling
 Sunday, selling to minors, suffer-
 ing gaming, etc.

If Louisville saloon keepers have
 without the pretense of soft drinks,
 sold on Sunday, they will be apt
 to sell WHISKEY to ANYBOD
 when permitted to sell SOFT
 drinks.

Charlie Glover, of Oklahoma
 City, formerly of this city, sends
 arguments against the open sal-
 loon. Charlie has a happy family
 now. He has a good salary and
 so has his children. Were he
 here he could give you his sad,
 awful experience, but he is a MAN
 NOW.

THE PRINCE OF PEACE.

The author, W. J. Bryan, spoke
 to 22,000 in Louisville Wednes-
 day last and set himself right on
 the Government Ownership of
 Railroads. His was a great speech.

What will become of the saloon
 keeper of Mt. Sterling after Janu-
 ary 1st? They will either change
 their business or move to Win-
 chester.

Do something. That's what the
 man does that has an opinion.

Blooming noses will have time
 to whiten after January 1st.

With the saloon out of business
 our money will circulate at home.

The saloon goes Wednesday
 and the blind tiger the moment he
 appears.

The insurance premiums are
 easily paid in Louisville now, be-
 cause with the saloons closed on
 Sundays the policy holders have
 money.

SPECIAL SESSION.

The Governor will call an extra
 session of the Legislature and ask
 that the Sunday laws be so amend-
 ed that saloons shall be made to
 keep the lid on in every city in
 Kentucky.

Rev. Sam Small, of Georgia, has
 been in our city since Saturday,
 and addressed large audiences in
 open air on Saturday, Sunday and
 Monday evening. He spoke to
 men only at Court House on Sun-
 day. He is a power for good. Mr.
 Thomas Wood, of Fleming, spoke
 on Monday night.

F. A. Hopkins, candidate for
 Congress spoke to an audience of
 84 Monday.

H. M. Bosworth, candidate for
 Auditor, will most likely be with-
 out opposition.

Judge H. Clay McKee has sent
 a gourd to the State Fair—No. 219
 "Big Stick," slightly bent by much
 use in 59th Congress. It is 41
 inches long.

Our Position.

We are told that some speculation
 has been indulged in as to what po-
 sition the editor of this paper would
 take on the Local Option question.
 We feel honored at the compliment
 paid us. We felt that we were merely
 one individual in a thousand and that
 we were not called upon to say what
 we intended to do. We could not
 convince ourselves that our position
 would have much weight one way or
 the other, because in the past the
 People of this community and county
 have been very slow to take our ad-
 vice. We have therefore felt that we
 would let the people decide the
 question for themselves, without any
 advice or suggestion from us. But
 now that the contest is drawing to a
 close, and after a thorough consider-
 ation of the matter, the editor of the
 GAZETTE desires to go on record, so
 that all may know how he stands. HE
 WILL CAST HIS VOTE FOR LOCAL
 OPTION, and advises every reader of
 this paper to follow his example.
 This is the only way to rid the com-
 munity of some of the vilest resorts
 that ever infested any community.
 When the editor of a paper in Mt.
 Sterling cannot pursue his calling in a
 legitimate, honest and manly way
 without becoming the target for the
 abuse, vilification and cowardly as-
 saults of the worst element of our citi-
 zenship, it is time to rid ourselves of
 such an element. The pity of it is
 that so many of our good (?) citizens
 lend countenance and, in a measure,
 support to such things by their fail-
 ure to denounce them.

We have some good friends in the
 whiskey business, and we are glad to
 say, they compose the best element
 of the whiskey men. We regret that
 we must take a position against them;
 but we believe that we are doing
 them a kindness and they will find it
 so in the end.

No one will accuse us of being a
 fanatic on this subject. We have been
 along the line. We speak not
 only from observation, but actual ex-
 perience. WE BELIEVE THAT THE
 OPEN SALOON IS THE GREATEST
 SOCIAL EVIL IN THE WORLD, and
 have said so time and again to
 saloon men themselves. We can give
 good and convincing reasons for our
 belief, but time and space will not
 permit in this article.

From a moral standpoint, not even
 a whiskey man can defend the sale of
 whiskey or the drinking of it. The
 only argument ever advanced in its
 favor is that it helps business. Speak-
 ing for ourselves, we can say that it
 has never helped our business. All
 the business we receive from the
 saloon keepers of this city in a year's
 time would hardly buy us a decent
 suit of clothes. We may have been
 indirectly benefitted—we do not know.
 But if we have benefitted at the ex-
 pense of our fellow men and their
 wives and children, we do not desire
 to go so any longer. We will take
 our chance with them in the future
 and fare as they fare, if necessary.

If every church member and advo-
 cate of morality will show his faith
 by his works, there will be no question
 about the result.

"A man cannot serve two masters.
 Choose ye this day whom you will
 serve."

We will have more to say, perhaps,
 in a special edition of the GAZETTE
 before the election.—Gazette.

MOTHER'S APPEAL

Sorrow! Misery! Suffering!

The Red Flag of Danger Planted Upon the Grave of Another of Mt. Sterling's Sons in Memory of the Open Saloon Which Destroyed His Usefulness, Destroyed His Will and Destroyed His Life.

Jesse P. Nelson, Jr., died last night as a direct result of whiskey sold him upon Sunday, September 16, 1906, in the city of Mt. Sterling, Ky., in direct violation of law. Jesse was our boy that has been taken from us, and may not yours be taken in like manner? We endeavored to raise him in the fear of God and to be an honor to us and to our community, but alas! the power of open saloons have overpowered us in our mighty effort and dragged him from us in all the bright prospects of his young life, and supplanted the delight and pleasure that should have been his life and help to us, by anxiety, suffering and prayer for our wayward boy. We have, in years past, earnestly pleaded with the saloons not to sell him, not to give him, not to allow him any liquor, but to no avail; the almighty dollar is more powerful, more appreciated and more sought than the earnest entreaty of a loving father, mother and sisters.

It is our boy this time that has been so gradually dragged from us by this powerful evil. The next one may be yours, or of those you love. Let us earnestly entreat every citizen of Mount Sterling, endowed with God's highest privilege of casting a ballot, to assist us in ridding our beautiful city of the open dens of destruction on Wednesday, Sept. 19, at the polls.

Temperance Speeches.

The Court House could not hold the people who assembled to hear Col. Geo. Bain speak last week.

Rev. Hines, of Lexington, pastor of Calvary Baptist church spoke here on Wednesday and Thursday evenings. He has been a zealous advocate since he was 16 and is a powerful speaker.

President Taylor, of Kentucky Wesleyan College, spoke on Friday night. Several hundred people heard Rev. Hines and President Taylor in their open air meetings in front of Guthrie Clothing Co.

Religious and patriotic songs were sung and there was much enthusiasm. House speakers followed each. Evidently to effect the temperance meeting some persons in behalf of the whiskey men brought to our city from Cincinnati three skilled musicians.

On Thursday night they played in Court House yard in front of hotel. Many people listened until the temperance songs and speaking began, then only a few remained as Rev. Hines drew the crowd. The whiskey leaders were evidently disappointed for on Friday night they sent their musicians to balcony of Bauman Hotel. As soon as the temperance people began the musicians were again practically deserted and next day they were conspicuous for their absence.

Failure! Our people are too sensible and self-respecting to stand with toast gang.

Alex Hargis Offers an Affront to Judge Hagins Over Newspaper Article.

Jackson, Ky., Sept. 13.—Over an alleged publication in the Breathitt County News of last week Alex Hargis stopped Judge J. Wise Hagins, its editor, in the court house door in Jackson today, presumably to make a personal attack. He made violent threats against him, ordering him not to use the Hargis name again in his paper.

It looked as though Hargis would resort to violence. Hagins went immediately to ore Police Judge Caldwell and swore out a warrant for Hargis.

C. M. Madden, who has been foreman of the composing room in this office for several years, left Saturday night for El Paso, Fort Worth and other points in Texas for his health. During his stay in Noblesville he has made many friends who hope that a change in climate will restore his health. He was well liked by the force under him. E. H. Mynheir, who has been in the office for the past three years, has accepted the foremanship.—Noblesville (Ind.) Ledger.

Lamp Exploded.

On Thursday night Joe Langston, city jailer, received a telephone to come to residence of J. A. Stephens. When he arrived he attempted to carry out a lamp, which had taken fire. It exploded or burst in his hands. His wrist and hand were severely burned.

ART IMPROVED ON NATURE
Object Lesson Far More Eloquent
Than the Thunderings of the
Energetic Lecturer.

"Gentlemen," thundered the
energetic lecturer, "we live in
pessimistic times. Our leading
politicians, our pulpit orators,
our great philosophers, our
poets and, worst of all, our no-
velists, delight to picture life as
a hideous nightmare, a crooked
dream, a thing not worth the
misery expended in enduring, a
low scramble for human supremacy,
or as an ignoble failure at
best. And, gentlemen, are they
right? Is it, indeed, so? Are
we really sinking in the scale
of civilization? Nature is na-
ture, and we are her children;
nature is good and wise and
beautiful and true; nature en-
doubles us and makes us free
from guile and deceit!"
Here there was a stir in the
audience.
"Hold on, gov'nor. Look
here!" shouted a man who had
been intently listening. "This is
my wig, and these my false
teeth, and this my glass eye.
What about them, eh? What
sort of a fright would I be with-
out them? They lick nature all
to pieces, I can tell you. You
held on a bit!"

IT DEPENDS.

At a bend in the river oppo-
site a likely pool a poorly gen-
tleman in the new fishing suit
stopped a native in order to get
some necessary information about
the surrounding country.
"Do you suppose," asked the
man with rod and reel, "it would
be worth my while to try fishing
round here?"
"Well," said the native,
"thrusting his hands into his
pockets, 'the fishin' ain't good
but in course I don't know how
'e value yer time.'"

Keep Your Nerve

It is nerve energy that runs
the organs of your body. The
storage battery is the nerve
cells in the brain and spinal
cord, and from this battery
nerve force is sent out through
the system of nerves. To keep
the body healthy you must
have plenty of nerve force; if
you have not, the organs work
imperfectly, the circulation is
sluggish, digestion bad, appet-
ite poor, kidneys inactive, and
aches, pains and misery are
the penalty.
You can keep the system
strong with Dr. Miles' Nerve-
Energy. It assists in generating nerve
energy; it strengthens the
nerves and makes the whole
system strong and vigorous.
"I take pleasure in recommending
Dr. Miles' Nerve to those suffering
from nervous prostration, insomnia
and melancholy. After several
months suffering from above diseases
I tried this medicine and found im-
mediate relief. It soothes and strength-
ens the nerves, chases away the
gloomy and depressing thoughts and
gives the system renewed vigor,
and hope. It is a superb nerve re-
storer."

**The Cleanest
Chew Made!**

If you could see how
SCHNAPPS is made
and sniff the delightfully
appetizing aroma of
the thoroughly
cured, well ma-
which it is
cover the rea-
tured tobacco of
made, you would dis-
sons for the big difference between SCHNAPPS
and its imitators.
SCHNAPPS is clean! The Reynolds factories
are as clean as the cleanest kitchen—the tobacco
in manufacture is scarcely touched by human
hands—with special machinery to cleanse the leaf
and produce clean chewing tobacco.
When such scrupulous care is taken with the choicest
selections of tobacco from America's finest chewing to-
bacco districts, can you wonder that SCHNAPPS is so
satisfying, so pure, so appetizing and wholesome—so
different from chews that pretend to be as good?
Expert tests prove that this superior tobacco requires
and takes a smaller amount of sweetening than any other
kind—and has a wholesome, stimulating and satisfying
effect on chewers.
Be sure the letters on the tag and under the tag spell
Sch-nap-p-s. The Reynolds Company is under the
direction of the same men who have managed it since
1875, and who have made the chewing tobacco busi-
ness a life-study.
There are plenty of plugs that look like Schnapps, with-
out the same satisfying chewing qualities.

CHANGE IN COAST LINES.

Centuries Have Made Many Vici-
tudes in Shores of the Bay
of Naples.

Not for the first time has the
shore of the Bay of Naples
changed its ancient level. The
earth movements on the Neap-
olitan coast were exhaustively
studied by a British exploring
party only three years ago, and
the discovery was made that the
more important movements of
the land were not due to sudden
seismic causes, but to those slow
and majestic processes that af-
fect the coast lines of conti-
nents.

But sudden disturbance does
not account for the burrows of
marine shell fish now found in
the columns of the Temple of
Serapis, 19 feet above sea level.
The British searchers were able
to collect evidence showing that
since the Roman dominion the
Neapolitan coast sank 35 feet,
and then rose about 20 feet, and
that this tremendous change
was of a gradual character.

A good many delusions were
disipated as the result of these
fresh inquiries. The submerged
Roman ruins along the coast
used to be regarded as founda-
tion walls thrown out for sea
baths, but it was made clear
that they are the remains of
noble mansions and that they
point to the time when the land
on which they stood was far
above the level of the sea. The
shore is in fact strewn with the
wreck of buried cities. Coast
ranches have vanished, ancient
quarries been flooded and the
breakwaters of the harbors of
classical story covered fathoms
deep with water.

Of Lord Rosebery's villa,
down in the bottom of the sea,
covering dozens of acres, lie the
remains of many buildings. A
great submarine sea wall, with
concrete piers 17 feet high, still
protects the fragments. But
neither the fragments nor the
great sea wall have been visible
in the light of day for 2,000
years.

PUT "REGGIE" IN BAD BOX
Act of Newspaper Man Caused
Breach Between Lieut. Van-
derbilt and His Friend.

It was a newspaper man who
induced Vanderbilt to become a
militiaman. This newspaper
man is familiarly called "Reg-
gie" and works on a New York
morning paper. When the regi-
ment went into camp at Pecos
kill the editor of the paper sent
a photographer to get snapshots
of Lieut. Vanderbilt. The pho-
tographer, who had been out on
many assignments with "Reg-

gie," mounted up the friend of
Vanderbilt and asked him
whether he wouldn't induce the
millionaire soldier to pose for
his picture. "What?" exclaimed
"Reggie" proudly, "me get Lieut.
Vanderbilt to pose?" "I'll have
you understand I am now a cap-
tain of militia, and that I am
not on newspaper duty. You
certainly have nerve to make
such a request of me." The
newspaperman friend of Van-
derbilt then turned on his heel
and entered the officers' tent.

The photographer, however,
had a keen sense of humor and
waited. He remained near the
camp for half an hour, when sud-
denly "Reggie" appeared, walk-
ing arm in arm with Lieut. Van-
derbilt. The camera clicked and
the photographer had the pic-
ture. Then, turning toward
"Reggie," the photographer ex-
claimed: "I've got his picture.
Must oblige to you, 'Reggie,'
for bringing him out." "Reggie"
turned red, and it required a
deal of explanation on his part
before Vanderbilt believed that
his newspaper friend did not de-
liberately lead him from the
camp so that the photographer
might get the desired picture.

CHEAP FOOD IN MAINE.

Many of the newspaper articles
on the cost of catching are grossly
exaggerated. You can live
very well on the Maine coast at a
cost of four dollars a week per
month, says Country Life in
America. This involves catching
a certain amount of fish yourself
and likewise digging clams and
quahogs. I assume, however,
that you will find those pursuits
a part of your pleasure.
Fresh vegetables, fruits, etc.

and wonderful milk may be ob-
tained of the natives at mirth-
provoking prices. For example,
a peck of green peas picked while
you wait may cost 20 cents, or a
quart of milk and a half peck of
new potatoes may come to a
quarter, with rhubarb and soda
biscuit thrown in to make good
measure. Fresh meats, of course,
can be had only at the larger
harbors, but unless truly epicu-
rian in taste you will be content
to fill out the menu with occa-
sional canned supplies.

ABSINTHE BONBONS.

Recently the cantonal govern-
ment of Vaud, Switzerland,
passed a law prohibiting the sale
of absinthe. As the people of
Vaud were the best customers of
the Neuchatel distilleries, these
were badly hit by the law, and
so set about out manouvering it.
The result is "absinthe bon-
bons," which are now being
placed on the market. Four of
them will make a drink when
broken into a glass, and a special
law will be required to pre-
vent their sale.

BIRTH AND DEATH RATES.

England is the healthiest coun-
try in Europe, having a death
rate of 16.5 per 1,000 in 1905.
Germany and France have prac-
tically the same rate, about 19.5,
according to Everybody's. Every-
where the death rate is decreas-
ing and it will continue to de-
crease as medical and sanitary
science improve. But if it con-
tinually decreases that unpleas-
ant fact of the end of life must
cease to be some time, must it
not? On the other hand, the
birth rate seems to be decreas-
ing almost everywhere. If it
keeps on decreasing there will
be no more births, will there?
Fortunately, none will be needed
if the other rate does its duty
and disappears altogether.

NEW SYSTEM OF MAKING WINE.

Wine germs, which make it
possible to duplicate the famous
wines of Bordeaux, Burgundy or
the Rhine, are among the latest
experiments of scientists. The
germs are obtained from the
dregs of casks which have con-
tained genuine old wine, and
those for each particular brand
are placed for safekeeping in a
substance prepared from Japa-
nese isinglass and fruit juice. In
the jelly-like mass the germs
soon establish a colony. When
needed, sufficient germs may be
placed in a tube of sterilized
fruit juice. After two or three
days the juice will be in full fer-
mentation with plentiful effe-
vescence. This process is said
to impart to the wine the exact
bouquet and characteristics of
the wine from which the germs
originally came.

Local Option Election Carries in Lincoln.

Crab Orchard, Ky., Sept. 13.--Lincoln county went dry yesterday by a majority of 1,249. In Crab Orchard the wets were snowed under by a majority of 240. The election caused great interest, and the dries are jubilant.

Elizabethtown Will Have No Saloons

Elizabethtown, Ky., Sept. 15.--In the local option election today Hardin county went dry by a majority of 551 votes. For several days both sides had claimed the victory. The local option forces waged a thorough speaking campaign over the county. The election applies only to Elizabethtown and Atcher's precinct these being the only wet places in the county.

Prohibition Wins in Trigg County.

Cadiz, Ky., Sept. 15.--The Prohibitionists in Trigg county won a victory in the election held today to decide whether or not this county shall have saloons. The fight between the liquor interests and the Prohibitionists has been close for several weeks, and much interest was taken in the election. Cadiz now has saloons and there are several in other parts of the county.

Herman Stages is in Cincinnati. Born, to Henry Willoughby and wife, a son.

Farmers are busy as most of the tobacco crop will be housed this week.

Elder Amos Kendall and wife, of Sulith, Ky., are visiting James and Oscar Kendall here.

William Stages will return in a few days after an absence of five weeks from an exploring trip out in the Dakota's. Mr. Stages is reliable and should be invest in land while on the trip others from here including the writer, will emigrate to that country in the Spring.

One of our good ladies in a conversation the other day thus graded it: First step, smoking, second step, drinking beer; third step, drinking whiskey; fourth step, common drunkard. She is aware of the fact that the fifth step is right into hell, but a woman never likes to use that word.

We advise all young men to stay away from liquor as you would from a deadly snake, and when you have grown up, fight it as hard as you can that our country may become clean, and never listen to a toper or whiskey dealer trying to impress it upon your mind that whiskey aids indigestion, increases the flow of the gastric juices, and promotes strength and flesh. It will certainly promote misery and heartaches, and the wrecking of happiness, but a whiskey dealer never thinks it worth while to mention little things like that.

Saloon Keepers Organize to Watch Indiana Legislature.

The Retail Liquor Dealers' Association of the Third Indiana district was held in New Albany. There was an attendance of seventy-five, representing each of the nine counties. The session was mainly in regard to measures that are to be taken to prevent hostile legislation by the General Assembly of Indiana next winter. Similar organizations have been formed in all of the congressional districts of Indiana to offset the efforts of the temperance people, who have become extremely active and have succeeded in shutting out the retail traffic in liquor in many of the townships.

THE LAW.

Section 1586, Kentucky Statutes, reads as follows:

"Any person guilty of receiving a bribe for his vote at an election, or for services or influence in procuring a vote or votes at an election, shall be fined from \$50 to \$500, and be excluded from office and suffrage."

Bought Whiskey on Sunday. Was Drunk and Sent to Jail.

On Sunday night while the great audience was assembled on Broadway to hear Rev. Sam Small speak on temperance a young man who was present and drunk was arrested and jailed.

We called at Police Court Monday morning. The young man was brought in. He was tried and fined \$5 and cost—total \$10.

His name is Jeff Norris, of Rothwell, Menefee county. On the stand he testified: "that he did not buy any whiskey in Mr. Sreen's saloon, that he bought a pint at Jeffersville and paid 50c for it; that he was 21 years old in March, 1906." He was accompanied by W. H. Johnson, of Grassy Lick, this county, for whom he has been working. From these two we learned that they came through Jeffersville and that the whiskey was bought at the saloon in Jeffersville on Sunday, Sept. 16, 1906.

Saloons Closed.

The saloons voluntarily closed at 6 o'clock on Monday evening and will not open until after midnight on Wednesday. This is a move to make friends. On Wednesday the voters will decide to make the closing compulsory after January 1.

HENDERSON BONTON AND DOWAGER

CORSETS.

Since we have been selling these three makes we have had more pleased corset customers than ever before. There are reasons for this, of course. The names would not sell the corsets if they were not desirable in every way. But the brand means much because the makers are conscientious, and put the best possible material, workmanship, designing and style into the corsets which bear these brands. "Hot Air" has popularized some corsets for a short time, but people—the same people—cannot be fooled the second time. Call and let us show you why these corsets continue to grow in popularity.

A WOMAN'S BACK.

The Aches and Pains Will Disappear if the Advice of This Mt. Sterling Citizen is Followed.

A woman's back has many aches and pains. Most times 'tis the kidneys' fault. Backache is really kidney ache. That's why Doan's Kidney Pills cure it. Many Mt. Sterling women know this. Read what one has to say about it:

Mrs. Pamela A. Fletcher, of Queen Street, Mt. Sterling, Ky., says: "For years I had kidney complaint, pains across the small of my back and over my kidneys, dreadful aching in my back and I was sometimes so lame across my hips that I could not stoop and there was also difficulty with the kidney secretions. I used different medicines and prescriptions which seemed at the time to relieve me, but I obtained no lasting benefit. I read about Doan's Kidney Pills and a relative of mine got a box for me at F. C. Duerson's drug store. I used them as directed and they helped me in every way. My back felt much better and stronger and the annoying and distressing kidney weakness was greatly relieved. My brother, Strother D. Carrington, of Paris, Ky., who had suffered a good many years with kidney trouble, also used Doan's Kidney Pills and found the results most beneficial. Doan's Kidney Pills are certainly worthy of recommendation."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. 10-21.

Saloonkeepers Organize to Watch Indiana Legislature.

A meeting of the Retail Liquor Dealers' Association of the Third Indiana District was held in New Albany. An attendance of seventy-five representing each of the nine counties. The session was mainly in regard to measures that are to be taken to prevent hostile legislation by the General Assembly of Indiana next winter. Similar organizations have been formed in all of the Congressional districts of Indiana to offset the efforts of the temperance people, who have become extremely active and have succeeded in shutting out the retail traffic in liquors in many of the townships.

A Bible School Chair in the Bible College.

The rally cry of the Bible schools of the Christian Church in Kentucky is "A Bible School Chair in the College of the Bible." The board of trustees agree that if the schools will give them \$25,000 endowment they will add a man to their faculty who will (1) give a special course of study in Bible School methods and principles which will be a part of the required course for all the students of the College, (2) offer a special two year course to be known as the Bible School Training Course, which any teacher or worker may take and for the satisfactory completion of which a proper diploma will be given and (3) provide such other courses of study pertaining to the Bible School as may be needed in future years. The College of the Bible is the first one of our schools to announce special Bible School work, and with but one exception the first ministerial school in all the land to provide such a man.
